Eureka Park and University Innovations Marketplaces:
• Launch pad for home-grown innovation
• Introduce and market technologies
• Gain access to influential media, key investors and potential collaborators

CES offers specialty Turnkey Packages and pricing for startup exhibitors so you can focus on innovation, not costs.
Simplify your exhibiting experience with a Turnkey Package.

You’ll work with our official show contractor, Freeman, to custom-produce wall graphics, then leave the rest of the build up to them.

All packages include the following standard amenities with quantities and enhancements increasing per package level:

• Furniture
• Carpeting
• Electrical
• Storage
• Nightly vacuuming

Turnkey Packages are available for the following exhibit space dimensions:

• 10x10
• 10x15
• 10x20
• 20x20

Once on-site, simply show up with your products and get ready for your most successful four days.

Contact exhibit@CTA.tech for a full brochure on our Turnkey Packages.
Suites & Meeting Rooms at CES 2018:
January 9-12
Host Your Meetings

CES is where people connect and deals are made. Our spacious and adaptable exhibit suites, hospitality suites and meeting rooms are the perfect place for private meetings, conversations and demonstrations.

These intimate settings allow you to:

• Capitalize on the savings, connections and our powerful, global platform by securing private meeting space
• Conduct scheduled meetings in a convenient location
• Construct a “home base” to host spontaneous meetings that otherwise wouldn’t occur
• Collaborate in a private setting with industry leaders, international buyers and global media
Exhibit Suites

Exhibit suites are an excellent way to showcase your products to a target audience in a private, elegant setting. Suites are available on a first-come, first-served basis.

Suites range in size across all official venues. Rates are a flat fee with a varying nightly commitment, based on venue. Additional nights available upon request and availability.
High-End Audio Exhibit Suites

Located at The Venetian, High-End Audio (HEA) exhibit suites are situated among floors specifically dedicated to this unique category. The close proximity of these suites creates a central location of HEA technology, allowing for effortless navigation for attendees.

Suites range from 404 to 1,180 net square feet.

- Rates are flat fee with a five-night commitment
- Additional nights available upon request and availability
- A CTA Member Lounge is also conveniently located on an HEA floor
Hospitality Suites

Host your clients in relaxed luxury. Hospitality Suites offer an intimate, closed-door setting for private meetings throughout the Westgate and Wynn.

Choose from these convenient locations to make hosting a client or team meeting easy.

With this solution, there’s no need to travel all over town to get to your meetings, your meetings come to you.
Meeting Rooms

CES meetings rooms are available in The Venetian, Wynn/Encore, Westgate, Sands Expo Center and Las Vegas Convention and World Trade Center (LVCC).

These footprints are beneficial as stand-alone spaces, or as a supplement to your exhibit space due to their close proximity to the LVCC and Sands show floors.
Limited Availability

CES exhibit suites, hospitality suites and meeting rooms sell quickly, but great options are still available. Contact us to secure yours today.

CES Branding & Sponsorship Opportunities

When the CES doors open, have your company’s name, brand and products seen first. From an array of programs preshow and on-site, CES makes it easy for you to build your brand beyond the booth.

Choose from email campaigns, on-site branding, event sponsorships, social media packages, website advertising, speaking opportunities and much more.

We have the tools to help your brand educate, entertain and drive attendees and media to your exhibit.

All opportunities are flexible, customizable and transitional. Let’s create an experience to kick-start unrivaled innovation and collaboration.

Contact Liz Tardif at ltardif@CTA.tech to get started.
C SPACE: THE PROGRAM FOR CONTENT, Creators and Brands.

C Space, headquartered at ARIA, is where serendipitous meetings occur, applications for new technologies are discovered, and the verticals of the global media business converge.

Features of Aria:
• Experiential Exhibits
• Meeting space
• Hospitality suites
• Conference sessions
• Lounges

The ARIA, Vdara and Monte Carlo properties create CES Tech South. All properties offer meeting space and luxury hospitality suites.

Because brand recognition matters and you know that best.
Welcome to the C Space Content Studio

A place designed for audiences to learn what’s here today and discover what will be tomorrow.

A place built for audiences to rest, recharge and connect whenever for wherever they need it.

A place for them to play in ways that only C Space can offer.

Designed with both the needs of our partners and the wants of our audiences in mind, the C Space Content Studio presents new opportunities of engagement.
THE C SPACE STUDIO

C Space Studio
Maze of Createology
Relax | Recharge | Connect
Game Center
Each Package Includes:

- Exhibit Space
- Flooring (custom Printed Carpet)
- Structures
- Smart Panels
- Graphics
- Fabric Solutions
- AV Equipment & Labor
  - Video Equipment
  - Computer Equipment
  - Lighting Equipment
  - AV Labor
- Accessories
- Furnishings
- Electrical
- Transportation
- Booth Cleaning
- Estimated install & dismantle Labor
- Hanging Sign Labor
- Rigging Equipment and Labor
- Booth Cleaning (TBD)
Let’s create an exploratory environment that gives agencies the flexibility to showcase content in a variety of ways that will encourage discovery among visitors.
THE MAZE OF CREATEOLOGY
THE MAZE OF **CREATEOLOGY**

A flexible, curated space, featuring exhibit galleries, installations and entertainment.

- Three modular 10x20 configurations.
- Sponsors can choose from one unit or a combination of multiple units.
- A unified architectural style offers a distinctive, contemporary look and feel.
Let's design a variety of areas within the C Space Showcase that will both encourage and allow our visitors to lounge when they need it, power up when they need it, and meet up when they need it. These areas also offer difference opportunities for partners to showcase their content in unique and interesting ways.
Relax | Recharge | Connect
ZONE 1 - 20’ x 30’
The primary focus of this room will be a projector that will display different types of content on the ceiling.

- Walls will include green elements to encourage relaxation, but also create intrigue and interest.
- Different types of sponsor content will be projected onto the ceiling.
- The Space will include comfortable seating.
- Device Recharge Zones can also be accessed here.
Relax | Recharge | Connect
ZONE 2 - 20’ x 30’
Relax | Recharge | Connect

ZONE 2

This space brings the content to life in a beautifully artistic manner resulting in both the Content and its canvas attracting attendees.

- Walls will be constructed using three layers of soft perforated vinyl sheets.
- Content will be projected onto the sheets, giving the display a layered dimensional feel.
- The space will include comfortable seating.
- Device Recharge Zones can also be accessed here.
Relax | Recharge | Connect
ZONE 3 - 20’ x 30’
Within this room, the structural installation becomes as much of a focal point as the content that is projected on it.

- Mylar walls and a series of strings hanging from the ceiling will create fluid walls that will serve as the canvas for partner content.
- This space will include comfortable seating.
- Device Recharge Zones can also be accessed here.
The C Space Game Center is a destination that will attract audiences and allow them to not only “watch” content, but also “play” with the content, interact with it and absorb it.
How It Works

- Using iPads, attendees can play an AR version of Pac-Man via a game board that appears on the screen.

- In addition to eating ghosts, power pellets unlock sponsor content.

- Monitors on the outside of the space share gameplay in real time and build anticipation of other attendees wanting to play.
SIGNAGE & MEDIA

- ARIA Digital Marquee Sign facing the Las Vegas Strip
- C Space Exhibits and Lobby signage
- Transportation Sponsor for the C Space VIP shuttle service*
- Social media and digital marketing packages*
- Designated tour staging area at LVCC and Sands*
- Three (3) C Space Lounges*

* Call for pricing
ROOM KEYS

• ARIA Hotel room keys with branded messaging
CO-EVENT PROMOTIONS

Let us help you build awareness and increase invitation-envy.

We’ll promote your event, thought leadership panels, or party as official to CES and C Space either invitation-only or open to all attendees.
Influencer Studio Sponsorship

Situated at ARIA, the C Space Influencer Studio hosts a number of conversational interviews with industry thought leaders, providing forward-looking dialogues about the future of companies, industries and technology.

Sponsorship includes:

- Co-branded signage
- Editorial control of fifteen (15) 15-minute interviews including guest selection and interview format
- Live video publishing during CES of select interviews
- Heavy promotion on CES Social Media channels
- Digital promotion throughout 2018 through CES properties
- Dedicated space, furniture, branded backdrop, signage, one interviewer and technical infrastructure
C Space Opening Reception (Invitation Only) Sponsorship

4-6 PM Monday, January 8 | Park MGM, Griffith Ballroom

The C Space Opening Reception is where media, marketing and entertainment elite gather to kick off CES in style. Sponsor fees are all-inclusive for the premium open bar, passed hors d’oeuvres and raw bar. Sponsorship includes:

- Company logo on reception invitation
- Company logo on step and repeat
- Inclusion in C Space marketing and promotions
- One (1) pop-up banner at entrance
- Signature cocktail
- Branded cocktail napkins on bar
- Complimentary CES passes for sponsor
- Complimentary CES passes for clients
- Company logo and click-through URL on C Space at CES webpage and ARIA Marquee sign
- Additional branding opportunities based on décor choices

4-6 PM Monday, January 8 | Park MGM, Griffith Ballroom

#CES2018 | JANUARY 9-12 | EXHIBIT@CTA.TECH | CES.TECH
Interstitials Sponsorship

- Stage Branding and Digital Content (Interstitials)
- Video or slides played prior to session or played as interstitials between C Space Storyteller sessions, and branding at base of stage
ARIA MARQUEE SPONSORSHIP

- Over 10,000 square feet of advertising space on the 250 ft. ARIA marquee facing the Las Vegas Strip.
- Each sponsor ad will run between 6:00AM-11:00PM for three (3) days, January 8 - January 10, 2018.
- Sponsor will be one of three CES advertisers in rotation.
Our flexible solutions will amplify your presence with this highly-targeted audience in the world's largest gathering place for technology, brands and media. Let’s start planning your participation today.

Smart Cities
Global spending on Smart Cities is projected to reach $34.35 billion by 2020, which presents unprecedented market opportunities.

### Smart Cities Experiencing Explosive Growth

**Source:** CTA/UPS The Evolution of Smart Cities and Connected Communities, January 2017. This study is available for CTA members only.
NEW Smart Cities at CES 2018

CES is the world’s gathering place for all who thrive on the business of consumer technologies.

CES is already showcasing leading-edge Smart City innovation and IoT adoption and top tech companies from around the globe had Smart Cities solutions at CES 2017.

We are launching a comprehensive program that puts robust conference sessions from industry thought leaders center stage, and offers dedicated show floor space to demonstrate industry-shaping solutions.
CES Smart Cities Conference Program

The most influential tech leaders join the CES conference program as partners, speakers and participants to share insights on emerging technologies shaping the industry.

We constructed a new program inspired by the success of the full-day automotive and personal mobility sessions Deloitte hosted at CES 2017.

CES Smart Cities will feature 3 days of conference programming, with content from Bosch, FirstNet, Ford, Nissan and Qualcomm, that will attract, engage and inform key decision makers, influencers, buyers and investors.

Session Topics Include:
- Smart Cities and Venues
- Smart Transportation
- Smart Energy and Smart Grid
- Public Safety
- Healthcare
- Data, Analytics and Security
- Artificial Intelligence
- Governance and Policies
CES Smart Cities Exhibit Space

At CES 2017, we saw the world’s leading technology companies showcase their Smart Cities plays including leading automotive manufactures, consumer goods companies and innovative startups in Eureka Park.

Our dedicated exhibit space provides a central location for face-to-face interaction and real-time demonstrations that show buyers, investors and media how Smart Cities solutions and applications truly benefit consumers.

Last year, almost 25% of CES 2017 attendees were representatives from Buying Organizations and more than 36% were Senior-Level Executives
CES Smart Cities Audience Insights

CES is the only place to experience the entire connected ecosystem that brings together the technologies, solutions, players and audiences in the smart city sector including: IoT, 5G Connectivity, Transportation and Smart Automotive, Energy and Utilities, Health and Public Safety, Artificial Intelligence and Data Analytics.

Last year, our Leaders in Technology program attracted government officials from across the globe, including State Elected Officials, High-Ranking U.S. Congressional and Agency Staff, as well as International Officials and Staff.

By delivering compelling content and showcasing leading-edge technologies, CES Smart Cities will attract Local and State municipalities and Federal agencies with a vested interest in Smart Cities including:

- Mayors
- State governors
- Federal government for key agencies including HUD and Dept. of Energy
- Law enforcement and First Responders
- Utility and energy companies
- Transportation companies
- Investors/financial institutions looking to invest in smart city technology
- State and local government and municipalities, titles include: City Planners, CTOs, CIOs/IT Manager, Chief Data Officers/Data Architects/Data Managers, City Managers, Innovation Officers/Managers, Public Works Department
Become a Premium Partner

Limited Space Available in CES Smart Cities

- CTA is offering 4 premier partnership opportunities, limited to leading players in the Smart Cities arena
- Partners will create a showcase centered on a leading Smart Cities initiatives:
  - Smart Transportation
  - Smart Cities and Venues
  - Smart Energy and the Smart Grid
  - Public Safety, Utilities and Healthcare
  - Data, Analytics and Security
- CTA will provide the partner with:
  - A premium location in the CES Smart Cities exhibition space
  - Extensive onsite branding opportunities including highly-visible column wraps, banners and signage
  - Recognition and branding in preshow promotions through CTA’s digital properties and social media channels
  - Listing in key attendee tools and guides including the CES Mobile App, CES Show Guide and CES Show Daily
  - Exposure to global media, pre- and during the show, at CES Unveiled Paris and NY, with a strong focus at CES Unveiled Amsterdam, and via media tours, press releases and media briefings
Smart Cities at Tech East, Westgate

Premium Location for Premier Partners

• Turnkey packages range from $6,775 - $27,100

Additional Branding Opportunities

• Lounge Sponsor
• Brand Activation Sponsor
• Column Wraps
• Signage
• Starting at $5,000
Learn More about Smart Cities at CES

Smart Cities at CES 2017

- **Qualcomm Keynote** Steve Mollenkopf, CEO of Qualcomm Inc., showed how Qualcomm is leading the way in 5G connectivity.
- **Innovation Policy Summit** An expert panel discussed the future of tourism and mobility, including challenges with policy and bringing innovations to market.
- **CES Smart Cities Hackathon, presented by Amazon Alexa and ReadWrite**
- **See Panasonic’s vision** for the Smart City of the future at their CES exhibit

Read More About Smart Cities

- **Three Reasons Why You Should Invest In Smart Cities Now** Smart cities are the urban landscapes of the future. Powered by the ubiquitous connectivity of the Internet of Things (IoT), smart cities collect data on a variety of factors – from pollution to traffic – and employ that data to make cities safer and more sustainable.
- **Smart Cities: The Next Big Thing** The smart city concept is generally viewed through the lens of technology and data analytics. But in reality the definition—and implementation—is much more elaborate.
- **Smart Cities on the Rise** Current transportation, energy, water and waste systems were not designed for a rapidly rising population and the consequences are dire.
Your prospects, customers, colleagues and competitors will be in the CES Smart Cities Marketplace. Contact us to start planning today.

CES Sport Zone
Substantial Growth Predicted for Sports Market

- PwC expects the North American sports market to reach **$75.7 billion by 2020**, led by media rights and sponsorship*
- Technology has quickly become an integral part of sports and a key driver of global technology innovation
- Sports technology trends have inspired new integration opportunities for those with a vested interest in the business of sports and sport technology solutions, including:
  - Wearables, the connected player, connected data and injury prevention technology for athletes and data-driven athletic performance
  - Smart arenas and sports venues
  - VR applications, sports mobile apps, AI and their role in fan engagement and immersive fan experiences
- CES provides the opportunity to get ahead of your competition by discovering the next game changer

*Source: PwC Sports Outlook 2016 Edition*
NEW CES Sports Zone

• CTA is building on its success by launching the CES Sports Zone at CES 2018 featuring robust conference sessions from industry thought leaders, and dedicated show floor space to demonstrate industry-shaping solutions.

• Turner Sports is:
  o Presenting Sports Business Innovation, a thought leadership program featuring league commissioners, team owners, athletes and tech industry leaders. Top tech companies showcased their sports technology solutions.
  o Broadcasting NBA on TNT and Inside the NBA from the show floor featuring Charles Barkley and Shaquille O’Neill.
CES Sports Zone Conference Program

• Four days of powerful programing that brings together the most influential tech leaders as partners, speakers and participants to share insights on emerging technologies shaping the industry

• Session will cover: Athletes and athletic performance; investments, media rights and sponsorships; immersive fan experiences; smart venues, stadiums and arenas; and the growth of e-sports

• Turner Sports will once again host Sports Business Innovation and broadcast NBA on TNT and Inside the NBA

• CTA is partnering with Sports Innovation Labs on a custom sports innovation research study. Findings will be presented at CES 2018.

• The robust CES Sports Zone Conference will undoubtedly attract, engage and inform key decision makers, influencers, buyers and investors
CES Sports Zone Audience Insights

- CES is the only place for those with a vested interest to fully explore the future of sports technology and better understand the implications for athletes
- CES 2017 attracted thought leaders, national sport leagues, athletes, venues and sport fitness experts
  - CES 2017 hosted all major sports leagues: NBA, NFL, NASCAR, MLB, NCAA, NHL, WWE, Major League Soccer, US Olympic Committee
  - CES 2017 hosted Shaquille O’Neal, Charles Barkley, Joe Montana, Landon Donovan, Bryce Harper, Michael Phelps
- NBA, Major League Soccer, NHL and Pac-12 Conference Commissioners were just some of the speakers that led engaging and informative conference sessions
- By delivering compelling content and showcasing leading-edge technologies, the CES Sports Zone will draw key players in the sports technology industry
Who Should Exhibit/Sponsor

Any technology company with products or services focused on:

- Sports data analytics
- Athlete evaluation and performance
- Fan connection and experience
- Sports venue enhancement
- Sports broadcasting and marketing
- e-Sports
CES Sport Zone Exhibit Space

- CES 2017 had several of the world’s leading technology companies showcase their sports technology throughout the LVCC and Sands. Technologies included biometrics, biotech, AI, sports, and augmented reality.

- Our dedicated exhibit space provides a central location for face-to-face interaction and real-time demonstrations that show buyers, investors and media how sports technology solutions and applications truly benefit consumers.

- Now you can join other B2B and B2C companies investing in the future of sports technology.
